So what is being said here is, if they are treating you like shit, perhaps they are the one who is the piece of shit?

Now what about if they were a member of the police? Should you call a police officer a piece of shit?

I know a quote from a very very intelligent man - many consider him he most intelligent man ever to have lived.

He said,

"Unthinking respect for authority is the greatest enemy of truth"

- Albert Einstein

I know just know he would be cheering me on to what I have called into motion here -- based on the custom option of this official **VectorStock** emoji -- I do not know why I give them any days to weeks grace -- this should be stuck like glue to their face to never never ever be erased at first fucked up human offense.

You might think me a bit crazy -- I would hella find a common root to unquestionably agree -- but I am not the one who broke the laws sir, you did -- not only did -- it was highly suspected to be preconceived and intentional moving it from an accident to a conspiracy.

Time for you to save face Mr. Bires, release yourself from this big huge basket of belated baggage you bestow upon our social ties. Take your lickers --- you are in the midst of being the biggest dick of all.

You have no excuse to delay this one more day.

You will -- somehow -- someday -- we have only till 12:00noon time on my birthday : Sept 1st 2020 --- for you to be here and conduct the trust reconciliation ceremony in "accord" style procedures.

Where in your obvious error, the widest part of this -- you cannot proceed sir in your EDUCATIONAL PLATFORM without a huge demerit issuance by this network.

I will never hurt you sir, it is you who is hurting yourself and beyond that our entire society at its core. Blow your mind in nuisance, I don't care --- you should care o make this right -- for that would be a man instead of you all in this being whiny mice.

I am in this for the greater good of the commonwealth sir, and I can prove my side to any Judge or Jury you sick on me.
